Description

DC-80F 80L Bar/Undercounter Freezer

This solid, compact bar freezer is one of our smallest and unique units with a cold interior storage space.

Coming to us from Thermaster, this freezer is ideal for bars, cafes, restaurants and clubs for quick reach and stock navigation. This unit is encased within a smaller frame set at a tiny 80 litre capacity, meaning that it's easily able to fit neatly within any area, which permits more space to move and operate behind the bar or counter.

This unit also works superbly when placed near the front counter or underneath a workbench.
