Quick Overview

Electric Power Unit - TR8SH

- Robust and full stainless steel model, no sharp corner
- Meets the hygiene and all safety regulations
- Simple and easy operation and cleaning
- Tenderizer, meat stripper Sold Separately

Description

Electric Meat Tenderizer

TR8SH electric power unit is one of the many efficient and compact food prep machines we stock, this machine tenderises and slices meat portions in different quantities, shapes and sizes for later use. Look into our exclusive meat (tenderiser) attachment, TR8SH-TDA or stripper attachment TR8SH-MSA, to gain full usage of your robust power unit.

Made to be primarily used in butcheries, delis and restaurants – our electric meat tenderisers and power units are practical and, like many of our products, built from pure stainless steel for long-term use.

Constructed with a tough interior motor, easy to clean shape, hygienic design and simple operation – our electric power units are your best choice to tenderise meat ingredients to total efficiency for your customers, while also meeting standard safety regulations.

Stainless steel Electric Meat tenderizer Commercial
