

## JDR-520B/3N Bench Dough Sheeter

### Quick Overview

- large roller opening (40mm) with large hard chrome rollers
- 5kg dough weight capacity
- steel, stainless steel & aluminium (not plastic components & casings like many other sheeters)
- easy to remove & clean scraper assemblies with low replacement cost
- safety guards with internal safety switching
- quality food grade conveyor belt (not a cotton belt)
- no external switches to allow flour entry & subsequent damage

### Description

Tyrone Bench Model Sheeter  
Three phase  
Belt Width: 500 mm  
Table Length: 830 mm

Why these are the best sheeters on the market?

- large roller opening (40mm) with large hard chrome rollers
- 5kg dough weight capacity
- steel, stainless steel & aluminium (not plastic components & casings like many other sheeters)
- easy to remove & clean scraper assemblies with low replacement cost
- safety guards with internal safety switching
- quality food grade conveyor belt (not a cotton belt)
- no external switches to allow flour entry & subsequent damage
- internal mechanism locks rollers in position, no ratchet to wear & possibly catch operator's knuckles
- allows easy access in folded position to conveyor drive-rollers for cleaning (unlike other sheeters)
- Poor cleaning enables dough build up on the rollers causing a bump under the sheeting belt, this can catch on the scrapers thus ripping the belt.

2 Years Parts and Labour Warranty
