Autoterm Comfort Control Quick Set and Operating

Normal Blank Screen

1) Turn Main Knob to bring screen to life

2) Press Knob TWICE

This brings up the Temperature setting screen

3) Turn Knob to the desired Room Temperature

4) Press Main Knob to bring up the RUN Time

5) Turn Knob set the desired Runtime. The infinity symbol will allow the heater to run until you turn the heater off

6) Press knob again and heater will run - running mode shows with the Red Lights glowing

To Turn Off the Heater Press the Button in the lower RH corner

Green Lights show the heater has gone into shutdown mode

Super Quick Instructions
